BILL MAY BRING ABOUT POST OFFICE CHANGES

Passage Would Mean Shorter Hours for the Employees and Better Service for the Public

OULD GIVE EXTRA CARRIER

A bill now before Congress, if ade a law will, it is said, afford nsiderable relief much more agree- le working hours, and our local post- ice people are watching the progress the bill with deep interest, as it thought its provisions would very eatly facilitate the handling of mail sitter at the Monessen office.

Requests have gone into the post- ice department at Washington from merous offices in the same class of r town, for the allowance of addi- nal carriers as, under the old gime the men were compelled to ak 10½, 11 and in some instances hours a day, and this has suggested necessity of the proposed bill, der whose provision a carrier or rk would complete eight hours work thin an alloted ten each day.

Should that bill pass into a law, are informed by Postmaster Frye others that the Monessen office uld more than ever be in need of ditional help.

It is generally hoped that it will t be long until our post office ce will be relieved of the strain ced by the present arrangement as clerks and carriers now work on average of 10½ hours a day which ring the hot weather at least is too ch and all of these facts have been arly set forth to the authorities at shington.

The change of the train service on Pittsburgh & Lake Erie railroad s the carriers to some degree, but sufficiently to effect the necessity an additional carrier as that need long been apparent. As there are es when with the present force it been absolutely impossible to get mail matter distributed among the ple the same day it arrived, and re should be no occasion for such ongested condition with the proper ount of help and a re-adjustment working hours.

The new train schedule aids busi- s men materially in getting im- tant mail off, as it gives quite a minutes more in the evening and arrangement is more convenient he early part of the day.

Under the present conditions even, Monessen can congratulate herself as having one among the best arrange- ment systems of any town in the Monongahela valley, but it is due wholly to the attention, care and in- genuity of our able Postmaster E. M. Frye and the whole hearted co-opera- tion of the most excellent and consi- derate force he has gathered about him, and under the provisions and privileges of the new bill, our people would be favored by even better ser- vice and the post office force would find their work much easier and more equally distributed.

To Stop Dropping Offall

Chief of Police Wheatley last night announced his determination to put a stop to the carelessness of teamsters and others who drop nails, boards, pieces of tin containing nails and other rubbish on the streets. He said that he had received several com- plaints from citizens, to the effect that the refuse was dangerous to horses, and damaging to automobile tires. The rubbish, he said, evident- ly falls from wagons which are used to haul away debris from buildings upon which repairs are being made. Schoonmaker avenue, he said, was the thoroughfare on which the greatest amount of the rubbish has fallen, ac- cording to the complainants.

To allow such menaces to traffic to fall on the street, the police say, is a violation of a borough ordinance, and the guilty ones, if arrested, will be prosecuted under its provisions.

Bible Class Meeting

The members of the Ladies Adult Bible class of the Christian church held a meeting last night at the home of Mrs. J. E. Pittman on First street with a good attendance. Some mat- ters of business were adjusted after which the time was spent in discuss- ing ways and means for attaining greater success and deeper interest in class work. A session of sociability was greatly enjoyed as was also a dainty little luncheon served by Mrs. Pittman in most pleasing form. All- in-all the evening was most enjoyably spent and the gathering was attended with gratifying results in a business way.

B. S. Weber of Greensburg is call- ing in town today on business.

Last Meet of Ye Editors

The Monongahela Valley Press Association will meet Saturday, June 15th with Editor Philip Hileman of the Chronicle at Fredericktown, and as Phil has not before had the honor of entertaining his brothers of the scissors and paste, he will no doubt give them a royal reception. This meeting will be the last of the early summer and thereafter the sessions will be discontinued until September when the first fall meet will be in Monongahela.

The Sacrament of Confirmation will be administered in the Holy Name R. C. church, Reed avenue Thursday June 6th by Rector Bishop J. F. Regis Canevin of Pittsburgh at 3:30 p. m.

PRESBYTERIANS AND LUTHERANS IN BATTLE ROYAL SUCCEED IN TIEING THE GAME

The Lutherans and Presby's battled on a muddy diamond yesterday even- ing to a five inning tie, the score when the game was called being 6-6. The heavy showers of the early after noon played havoc with the playing field but both captains agreed to take a chance and after sprinkling saw-dust on the worst places the game was started.

A fast double play by Culler, Un derwood and Shupe cut off at least one run in the first inning for the Lutherans. The Presbys got to Laird in the opening round and chased him off the mound, Manown relieving him. Bumbaugh started the ball rolling with a single to middle, a walk and three successive doubles by Shupe, Kitto and Todd totalled 4 runs. Manown then went in and stopped the scoring for that inning. The Luther- ans scored 5 in the third when after two were down Manown doubled. Menefee and Vaughn were hit by pitched balls filling the bases and Todd dropped the throw from Bolig's infield tap allowing two to score. Laird followed with a two base hit scoring two more and scored himself on a passed ball. In their half the Presbys climbed into the lead again when Kitto singled and the Luther- ans made two errors allowing two runs to count. Kennedy poked a single over Shupe's head followed by a double to right by Leigheber which scored the tying run for the Luther ans. In their half of the fifth the Presbys tried hard and sent in pinch hitters but were unable to garner the necessary tally. Huston and "Ching" Manown played a good fielding game for the Presbys with Kitto starring at the bat. Manown's hitting featured for the Lutherans.

REVIEW OF THE NATIONAL POLITICAL SITUATION

The Straws Indicate a a Stubborn Contest at the Republican National Convention at Chicago

TAFT AND ROOSEVELT AT SEA

The National Republican convention which will be held in Chicago soon is one of the most doubtful of forecast in many years. Although it has been a bitter fight between the Taft and Roosevelt follow- ers and as the climax reaches there is a bitter feeling of rivalry. Viewing the situation at this hour and boiling down the claims of both parties, dealing with actual facts and figures and taking into considera- tion certain possible maneuvers on the part of politicians it looks as though the nominee will be William Howard Taft although the outcome would not be a surprise either way. The returns from every state show that Taft has a plurality but of course it is hard to tell whether or not his managers will be able to hold the delegates in line should a stampede be started by the minor factions supporting Lafollette or Cummins. As matters stand a majority of the delegates will go to the convention pledged to Taft.

The figures given out at this date are as follows: Taft, 532; Roosevelt, 457; LaFollette, 36; Cummins, 10; doubtful, 43, which, all told, make 546, sufficient to defeat Taft should they go for Roosevelt.

Not only in Chicago is interest aroused to fever heat but all over the country results of the convention will be watched with great interest.

Mission Work Encouragement

The little congregation, known as Trinity Episcopal Mission, which meets in the English Lutheran Church, on Eighth street, was much encour- aged by the attendance at their even- ing service last Sunday afternoon.

The Bishop of this Diocese the Right Reverend Cortlandt Whitehead confirmed a class of five members and delivered a sermon in a fervent man- ner, full of instruction and inspiration.

The Mission is taking heart since this new meeting place has developed such increased interest and arrange- ments are being perfected so that the grand possiblities of the music in this beautiful service can be given in a manner fitting to its importance and thoroughness.

The evening service here is how- ever given in its entirety every Sun- day afternoon, conducted by Rev. L. W. Shey, of Charleroi and those strangers and friends of this denomina- tion who are under the impression that there is no Episcopal Church in Monessen should attend and interest themselves in this work and perhaps they will be agreeably surprised. Sunday School at three o'clock, church service at four.

The Purpose of Schools.

The Baltimore Sun, while a bit old-fashioned, has some ideas worthy the attention of the most advanced of moderns. In discussing an educational topic it recently said:

"The schools should be run so that the majority of boys and girls may be fitted to earn a living. There are certain things which one wants to know instinctively, and the multiplication table is one of them. In cases of this sort parrot-like methods give better results than deductive ones. When we want to know what seven times seven is we want to know it quickly; the reason why seven times seven makes forty-nine is a matter which can easily be worked out at leisure."

With the most deferential respect to the educators of today, we truly believe that the masters and marms of the last generation taught the elementaries more speedily and thoroughly than they are taught in the best graded schools of today. Certainly, the pupils of thirty years of age spelled better than the youngsters of the present and were more proficient in arithmetic. No time was wasted upon fancy studies; but the boy or girl who at twelve years of age could not spell ninety-five per cent of the words in the common school dictionary, and who could not do a difficult sum in fractions as easily as a high school senior of today, was regarded as a dunce.

Perhaps the school boys and girls of 1912 have a better general intellectual development than their parents had at equal ages—and such development is one of education's greatest ends—but have they as firm a hold upon the three R's?

The other day the original merchant who wouldn't advertise "because it was too expensive," died in a Western city. The merchant had had a prosperous business at the close of the Civil War, and was it just about that time that merchandising methods began to change. This man, however, persisted in staying in the old rut, until in latter years the only person to visit his store was the owner himself. There was, among other things, a fine stock of hoop skirts and other relics from the days of '65, which, except for dust and cobwebs, were in an excellent state of preservation. As shown by an inventory taken a few days ago after this old fashioned man of commerce had handed in his checks, as the saying is, and his fossilized form placed beneath the sod there to repose in peace and quiet, free from the rigors of present day merchandising and the arderous duties of writing new advertising from day to day to keep his shelves clean and free from dust and shelf worn and out of date goods. Thus endeth the reading of the chapter of the man who persists in trying to do business without the aid of newspaper publiciy.

Very few preachers object to a member of the congregation laughing mildly in church, but they do not like to see worshippers sleeping, as it is the general concensus of opinion that one can't sleep and worship God at the same time.

A number of fans about Monessen are not so particular about Taft licking Teddy, or Teddy licking Taft, but they would like to see the Pirates up a little nearer the top of the list.

Our Democratic friends all around the country are getting so thoroughly saturated either with fear or hope that Bryan will be nominated at Baltimore that the other candidates must begin to feel that they are already about out of the discussion.

Wireless trains are a possibility of the future, according to a Canadian engineer's recent statement in an address before a railroad club in Buffalo.

AMAZING FACTS BROUGHT TO LIGHT

WELL KNOWN MEN AND WOMEN OFFER CONVINCING TESTIMONY.

Most Excellent Results Quickly Obtained by New Treatment Available to All.

Throughout the country intense interest is being aroused over the remarkable powers of an advanced treatment for nervous debility, weak heart, insomnia, (sleeplessness), lack of vitality, etc. Statements similar to those here quoted are coming in in number. The treatment referred to is obtainable of nearly any druggist, and is known to the trade as Wade's Golden Nervine. Statements from some who have tested it follow:

Mr. Phil. Hargraves, Henderson, Ky., says: "I am now thoroughly convinced, after many years, and trying many different ones, I have found the right treatment. I feel like a different man. My strength is increasing every day. I feel that I owe you more than I will ever be able to repay. Your treatment is a God-send."

"I hardly know how to thank you for the good your treatment has done me," says Mary A. Brooks, of 1343 N. Clinton street, Decatur, Ill. "It has quieted my nerves so much. I will continue the treatment, and always recommend it to my friends."

From Jamestown, O., we quote a statement of Mr. Wm. Daines. He says: "I first used your treatment in July, 1910, and was cured of nervous debility. I have used no other treatment since, and am working every day. I can recommend this treatment to anyone afflicted as I was."

Few seem to realize the enormous number of men and women who are afflicted with nervous debility, weak heart, and other debilitated conditions resulting from a run down nervous system. In many sections of the country Wade's Golden Nervine seems to be creating a positive furore by its astonishing success in these cases. One thing which commends this product to the intelligent is its absolute freedom from alcohol, opium, or any other narcotic. It is looked upon by those qualified to judge, as a modern idea in pharmaceutical production. Without exception it is claimed by those who have tested it to be an ideal treatment for men and women who are run-down, who lack vitality and strength, and desire an efficient reconstructive and nerve tonic.

Many druggists report that the demand for Wade's Golden Nervine is large enough to warrant them buying direct from the laboratories, in quantity. This was found to be the case at Eddy's Drug Store.

Next Saturday will be circus day again at Charleroi. Buffalo Bill's Wild West and Pawnee Bill's Far East combined shows will appear in two performances. This is Col. W. F. Cody's farewell appearance and it is the last chance the public will have a chance to see this famous veteran of the Indian border warfare.

DOUBLY PROVEN

Monessen Readers Can No Longer Doubt the Evidence

This Monessen citizen testified long ago.

Told of quick relief—of lasting benefit.

The facts are now confirmed.

Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit.

Mrs. Burns Wadsworth 270 Donner avenue, Monessen Pa., says: "I was in poor health for some time and suffered almost constantly from backache. I was subject to chills and dizzy spells. Knowing that Doan's Kidney Pills were good for kidney complaint, I procured a supply from the Hirsch Drug Co. Their use helped me from the first and before long I was cured. I am now enjoying good health and my kidneys do not bother me in the least." (From statement given Oct. 2, 1907.)

A PERMANENT CURE.

Mrs. Wadsworth was interviewed on Nov. 9, 1909 and she said: "The cure effected by Doan's Kidney Pills in my case has been permanent. I have recommended this remedy to my friends on several occasions and all who have used it, speak highly of the results received.

For sale by all dealers. Price 50 cents. Foster Milburn Co., Buffalo, New York, sole agents for the United States.

Weltner's Pharmacy, 214 Fifth Street, Charleroi, Pa.

SOME BIG THINGS WITH BUFFALO BILL'S SHOW

The facilities of a newly constructed style of arena, and amplified scenic effects, enables the management to present for the first time in a canvas pavilion sure, the epochs and events of Frontier Life never before possible. The bringing of this animated panorama of life and action into close view, with the great tents designed and painted to represent mountain scenery and afford an effective landscape and back-ground to more appropriately illustrate the episodes, exploits and incidents of the conquest of a Continent, and especially that portion covered in the career of Col. W. F. Cody—Buffalo Bill—in the making of Pioneer History from the Mississippi river to the Pacific coast, thus insuring an entirely new production.

First will be seen the primeval plains, with real Buffalo grazing in the foreground, later pursued and attacked with naked Indians on horseback, with bow and arrow, as it was before the white man and civilization gave them more deadly weapons.

Following in regular sequence will be seen nearly one hundred of the finest specimens of the blanket Indians, selected from the various tribes of the Sioux nations on the Dakotas of the Northwest, just as nature created them showing his primitive method of travel, nomadic life and all the daring courage, crafty and picturesque qualities which have made him the most striking example of the earth's savage tribes. They will also indulge in many peculiar sports, and among their social contests that of "The Race for a Bride."

Chester and Fleming, architects for the new concrete viaduct across Third street hollow were in town yesterday looking after the interests of their contract.

Sent Across the Line

John Miller, of Point Marion, who at the time of his conviction on a bawdy house charge, was given his choice between leaving the state forever or serving two years in the workhouse, chose banishment and departed presumably for Morgantown, W. Va., Saturday morning. If he ever returns to Fayette county he will be arrested and sent to the workhouse to serve the original time.

The case of Miller was one of the most disgusting ever before the Uniontown court. He with several women, maintained a ranch so disreputable that the whole community was disgraced. Lewdeness in its vilest and most flagrant forms was practiced and no prisoner ever got a more scathing denunciation than did Miller from the court.

It was a relief to the community when the house was raided, and it was clear that the court thought Miller could best serve the state and county he disgraced, by his absence.

On Saturday afternoon the Page A. C. will cross bats with the Sterling A. C. of Pittsburgh and a good game is being looked for. The Page boys have at last struck their gait it seems and are playing great ball.

Second Lady Deputy

The appointment a few days ago of Mrs Sadie Doran of Uniontown as Deputy Sheriff of Fayette County by Sheriff M. A. Keifer, makes the second lady deputy in the office in that county, as well as the second in the State. Mrs. Doran is a sister of M. C. Marker, Monessen's popular night watchman, and is a lady well-fitted to fill the position. She was already a tipstaff for the court and had charge of the female department, looked after lady prisoners, witnesses, etc., in fact acting as a general overseer. Mrs. Doran's first duty was to take a demented woman to a sanitarium, and taking it altogether she has a plenty to do. In truth she's a very busy woman. She is of steady nerve, a most excellent marksman and well trained in her work, her husband having for years been on the Uniontown police force and is now serving in an official capacity.

Until a few months ago Fayette county held the distinction of having the only woman deputy sheriff in the United States.

She was Miss Lucy B. Johns, who married John C. Grier of Pittsburgh last December. Since that time there have been several woman deputies appointed in the United States.

Your Kidneys Need Cleaning

Every Person, Healthy or Unhealthy Ought to Give the Kidneys a Thorough Cleaning Right Now.

You clean your teeth daily. You wouldn't think of doing otherwise, and yet the teeth are not one-tenth so important to health, strength and a long life as the kidney.

Do you know that the kidneys are little strainers or fine sieve, through which every drop of blood in the body passes again and again.

And when the kidneys become clogged they are unable to strain the impure matter from the blood, and it stays in the blood and causes disease in various parts of the body. Take rheumatism, for instance, this terrible disease is caused by uric acid in the blood, and uric acid gets into the blood only when the kidneys are clogged up and are unable to properly strain the impurities.

Just go to Craig's Drug Store today and get a bottle of Thompson's Barosma, the most scientific kidney, liver and bladder regulator the world has ever known, take it regularly for two weeks, and all the impure matter in your kidneys will pass out through the bladder, and your kidneys will be as pure and clean and healthy as any kidneys can be.

Thompson's Barosma is guaranteed by Craig's Drug Store to cure all diseases of the kidneys, liver and bladder, or money back. It is a wonderful tonic and blood purifier and will bring the glow of health to the cheeks of the sick in a short time. 50 cents and $1.00 a bottle. All druggists.

LAD WALKS TO MONESSEN FROM NEAR ROSCOE

Shortly after midnight Harry Shaffer a mere stripling of a youth and who is but 11 years old was found by a night patrolman huddled close to the logs which are burning in the park on Sixth street trying to keep his frail little body warm and resting from a 12 mile tramp made yesterday afternoon from Roscoe where he lived with his grandfather and was taken to the jail until inquiries could be made

According to the story Harry related at police headquarters this morning his father is dead and he is living with his grandfather on a farm near Roscoe. Yesterday afternoon he received a whipping and said he left because of that. He says he wants to go and live with his other grandfather where one of his sisters stays. Since the father's death three years ago it seems as though the family has been scattered to the four winds the mother, and sisters of which there are three are all living apart. The boy is bright and does not seem like an incorrigible child. He attended the school in the township and was in the fifth reader at the close of school a few days ago.

An effort is being made to locate the grandfather and to that end the police at Fayette City, Roscoe and Newell have been notified. The boy will be returned to his home but it is said he threatens to run away again if taken back

BALL PLAYERS' CLOTHING REALLY ROBBED

The Uniontown high school ball team played in Connellsville a few days ago, and while in uniform they hung their clothing in the Y. M. C. A. building being assured they would be safe. However, while the game was in progress some unknown—youngster perhaps—got into the building and took cigarette coupons, tobacco and even so much as two pennies from one fellow's pocket. The Morgantown New Dominion says: "The robbery was reported to the authorities, but so far the guilty parties have not been apprehended." My, oh my! Isn't that terrible? And all for five cigarette papers, a plug of navy and two pennies. We don't approve thievery, but, petty cases like that—what's the use? We once knew a man in Monessen who sued on a theft of an article valued at $2.50. The fellow stole the goods, the evidence proved it, and the man himself didn't deny, but the court and jury thought it looked so small and undignified to bring so trifling a matter into a court room that the costs were placed on the prosecutor, and he being irresponsible financially, his employer had to put up $75.00—all on account of a spiteful $2.50. So why kick about a few cigarette coupons.

Seanor-Guiler Nuptials

The marriage of Frances Wilson Seanor of Monessen and Miss Bess A. Guiler of Belle Vernon was solemnized at 10:30 oclock a. m., today Wednesday, June 5th, 1912, at the home of Rev. Samuel Black Lenhart, Ph D., D. D., secretary of the Pittsburgh University, in the presence of friends of the contracting parties and brother graduates of the groom, who was a member of the Sigma Chi Fraternity of the Pittsburgh University where he attended school. The honeymoon trip will take in Cambridge Springs, Buffalo and Niagara Falls, and Mr. Mrs. Seanor will be at home to friends in their new home on Park Way after August first. The groom is one of Monessen's progressive young business men, being a son of Mr. and Mrs. W. F. Seanor of the Fifth Avenue Hotel, the bride being a daughter of Mr. and Mrs. Elmer J. Guiler of Belle Vernon and one of the most popular young ladies of that place. The young couple have the hearty good wishes of a large circle of friends for a happy and prosperous life.

Work on New Railroad

A trip up the Monongahela river, between Lock No. 13 and Rivesville, gives abundant proof that the Buckhannon & Northern railroad is rapidly nearing completion. Just below the lock, twelve box cars., some used as camp cars by the laborers employed with the track laying machine and others containing equipment are lined up on the new track.

A New York Central engine makes daily trips up and down the road bringing equipment, rails and ties to the track laying machine. One trip up the line was made with the engine yesterday afternoon. It is stated that a second engine is to be secured this week in order to expediate the work.

The road is being ballasted and the major portion of this work has been completed between Rivesville and Lock 13. The track laying machine is now standing at a point some distance below the lock. The railroad company still needs more men in order to push the work

Wwing Works Burned Down

Fire totally destroyed the plant of the Greensburg Swing company, causing a loss of $15,000, partially covered by insurance. Owing to the close proximity of the plant to other large buildings, the firemen directed their efforts toward preventing the spread of the flames. The swing company's buildings were filled with highly inflammable material and nothing could be done to save them. After a fight of one hour and a half the firemen had the fire well confined to the area in which it started. The Swing Company made a specialty of porch swings and last year did an enormous business, the largest in their history and their trade for this season had just fairly started.

Mr Mulick was one of the most prominent breeders of Holstein-Friesan cattle in Wisconsin. He purchased one of our small farms and is stocking it with one of the finest herds of pure Holstein-Friesan cattle in the United States. He says

"The Sacramento Valley is an ideal home for the Holstein cow and I am sure that the dairy world will soon look to this valley for the world's record stock.

"There is certainly a bright future for the practical dairyman in this valley. It is hardly possible to estimate the advantages of dairying in a country where green feed can be raised the year round, as compared with Wisconsin, where they have to stable their stock at least six months in the year."
